Dear Jerry,

2/5/80

Your insured package with the 328 pp of FBI files headed on the worksheet about the Meredosia robbery came today. I found the cassette when I unpackaged it. This is to let you know that it did come because yesterday I wrote and said that Jimmy had sent nothing. This will get mailed today so you'll know as fast as I could let you know.

I plan to read these, or as much of them as I can read, tomorrow w hile I'm being driven to and from the dentist's. I'll finish them as soon as I can and write you and return them to you as soon as I can.

You never did tell me what you'd like me to look for, if anything, so I'll make notes of indications of records they have not provided. (I know that if can refer to Meredosia on the outside and have other records on the inside, as with you it should.)

Meanwhile, if you think of anything in particular you'd like me to let you know after I go over themk let me know as soon as you can because I'll be forgetting some of it.

If there is enough volume left in the batteries I'll listen to the tape while I'm on some errandsk on which I'll leave in a few minutes.

Becauss of other things, including being in court against the FBI on Friday and any possible preparations Jim may ask of me, I can't say for sure how fast I'll finish this but it will be as fast as I can.

Later, you overgrown baby: I was driving on the short beltway we have, if you remember it, when I came to that Godawful sound you call singing. I punched around until I hit the stop button and whatever else there is on that tape you'd have done better to stick up your ass.

You can believe me or not, the first time I come to that horror or to what you call jokes or what you think is political wisdom or any more about what kind of a bad ass you are the tape will stop. I do have a good radio in the car, too, and it doesn't have anyone who can't distinguish between bad manner and big lies and jokes.

However, this time I thank you for it because if you hadn't clowned I'd not have turned the radio on and I'd not have gotten the changed weather forecast until supper time. We have a winter show watch again and I was out of small wood in the house. I also had a few medium sized trunks to saw up and a man to reach to buy some dryer than I have. I got all these things done only because I heard the weather forecast before I got home. And that is why this letter didn't get mailed.

If you don't cut it out entirely, as I asked, I may not listen to any of the tapes, even when you are not imitating a sick baby. I mean it when I say I have no time for that kind of juvenile silliness that is a disgrace for a grown man.

Jim just called. Seems like the CIA just pooped out in one of my cases from what they filedin court and he got today. For JFK things. You know, I'm one of them, according to Mark and Jimmy.

Because of the weather forecast I'm not sure of the next several days. I am not allowed even to bruise myself so if it is bad I won't go to the dentist. Besides, I'll then have my long driveway to clear. However, I'll get to it as soon as I can and I'll tell you if I see indications of records they have not provided. You can then decide whether to ask for them.

Sincerely,
