2/9/80

Dear John,

Thanks for the copy of your response in your case against the Parole Board. There was no letter with it. I'll send it along to Jim.

Your time should be up soon. I hope you are in a half-way house soon and that you can get a job again.

Heard from Jimmy last week. He is still tryong to play a combination of Perry Mason and Sherlock Holmes.

Heard from Jerry a few days ago. He can't decide between being Ronald Reagan, Johnny Cash and Muhammed Ali.

So he tries to make on he is all three at once.

Haven't heard from Carol since I sent her the Washington Post story.

After it came out I heard from the Post-Dispatch. After talking to them for a while I referred them to Jim, who let him have access to the records themselves.

There are more and Jim is trying to get the, but there is always a time question, the time they take and the time he doesn't have.

Not much new here. We've lucked out on the last three snow storms, I hope tonight's, too. When they come from the south around here they are generally real deep. The ~~last~~ last three passed mostly to the south and east of us. At my age that is good news and big news. My driveway is thelength of a football field, which means it can hold very much snow.

Sincerely,

Harold Weisberg

UNITED STATES DISTRICT COURT
EASTER DISTRICT OF MISSOURI

JOHN LARRY RAY,
PETITIONER
V.
U. S. PAROLE COMMISSION
RESPONDENT

NO:

RESPONSE TO MAGISTRATE'S REVIEW AND RECCOMMENDATION

1. Petitioner wa s not convicted for bank robbery but was convicted for picking up on ahighway a person whowas found not guilty of bank robbery--Ronald Silbert Goldenstein.

2. The united sta tes depa rtment of justice promoted federal district judge, William H. Webster, to the directorship of the FBI for fix ing this trial.They promoted st. louis supervisor, J. Wallace LaPrade, to the supervisor position of the FBI in New York for fixing this trial. LaPrad was subsquently kick out of this office for engaging in other criminal actividies.Goldenstein, ga ve a statement tha t his trial was fixed. That he was held under a treat not to take the stand while the above mentioned individuals legalized an illegal search of his residence. Prosecuting attorney, william martin admitted that the trial was fixed under a civil suit, so theres no secret about the trial bding fixed. I submitted documentary evidence to the senate judiciary committee, as well as submitted documentary evidence to the select committe on assassination tha t this tria l was fixed(I did not have to used the (preponderance of evidence) as the magistrate did but documentary facts. Thus webster was promoted to his high command for raping and sodomizering, Thomas Jefferson, and not for his ability.

3.Fbi Webster is trying to cover up this fixed trial with his allegation of other bank robbaries. In recent years, he has:

A) Ordered the petitioner to be lock into solitary confinement for giving truthful testimony at the select committee on assassination

B) Rode shotgun on the bus the petitioner was driving to get him fired Petitioner was tring to do a parole.

C) Manupulated the judges records in fredericktown to get the petitio to lose his licensese, to get him fired again.

D)Had Parole officer Patrica Pickett, to falsify a warrant that the petitioner was robbing more banks (see Pickets letter attached).

E) Ordered chief probatition officer, J Alan MacDonies, not to let the petitioner call voluntary witnesses(Judge Hoffman & Employer) to show that Webster and Picket falsify the warrant.

F) Had me lock up for nine months in solitary confinement and sent off to a mental institution for being guilty of charges in this falsified warrant---a suspected misdemeanor.

The magistrate reccommended in his denial of relief that its permissible to lock up persons in mental institution for being convicted of traffic offense--misdemeanors. However, if the Russian governments and their cou lock up persons in asylum for being convicted of misdemeanors,I'm sure t New York times and Time magazine would give it front page news, and the CIAecontrol amnesty International, would call on the U.S. nation commissi on Human Right's, as well as the International Court Of Justice for a full inquiry into the Soviet system.

In the petitioner case he has already served his required 10 years, without being convicted of a misdemeanor, but the magistrate did not answer this allegations

Thus its the petitioner position that the magistrate is erroneous in denyinnrelief.

Respectfully submitted,

JOHN LARRY RAY
