Dear Mr. Weisberg,

I am sending you a few items of int
for yourself if you consider them important. The Esq
on George Lincoln Rockwell can, perhaps, answer so
questions about who financed Rockwell. A man nam
Arrowsmith is mentioned as the "fat cat", (also a h

(I have copied the above article from another Pandora Copy. The source is U.S. News and World Report Oct 24, [illegible] but I have misplaced the original article. Perhaps, I can find it through all the debris of papers, articles, [illegible] stacked in my room --- In any case, you can, [illegible] Readers guide ---)

I am trying to find other material on [illegible] might have written about somewhere in the past [illegible] I had something about a raid [illegible], though I cannot locate it at the moment.

MORE ON ROCKWELL

A letter writer to Time magazine, Sept 15, 6[illegible] after Rockwell was murdered: "SIR: George Lincoln [illegible] was not a common hatemonger or backwood bigot. He [illegible] contentment of forensic eloquence and rage - the [illegible] of ethnic had been honed to a hair. Thin cutting [illegible] stature emitted strength as well as fear. The real tragedy [illegible] Rockwell's demise is that such quality and potential [illegible] be squandered by a twisted adolescent with a [illegible] mental psychopathic and murderous [illegible] suicide connection. That is the man that [illegible] become encased in the morass that is the [illegible] have viewed humanity with excellence as a [illegible] perhaps a cabinet officer. His combat record [illegible]

Please comprehend that in no manner [illegible] endorse the tenets of nazism. I reject the entire [illegible] only with Commander Rockwell had done the same.

Before he was killed, I heard Rockwell [illegible] engineering arrest for disorderly [illegible]

stepping into the White Peoples party.

The point is: if he really didn't like the situation, why didn't he cut out? Why get into something pretty deep, and then bitch about it?

Read page 103 of Esquire's article - according to the pretty enigmatic Arrowsmith: "Rockwell made some remarks in my presence which aroused my suspicions. Then I started to investigate. WHAT THAT TURNED UP WAS ENOUGH TO TURN YOUR HAIR." Exactly what had Arrowsmith "Turned up"; found out? The October 1963 issue of The Magazine FACTS, published by The Anti Defamation League) publishes an article on Rockwell, re-published in a volume called THE HATE READER - A COLLECTION OF MATERIALS ON THE IMPACT OF HATE MOVEMENTS IN AMERICAN SOCIETY, Selected AND Edited By Edwin S. Newman, Counsel, New York Bar, Oceana publishers, 1964. I have the volume at hand, borrowed from The San Francisco Public Library - regret not being able to send you this volume but the information you can easily be verified; There is a paragraph on Rockwell's Nazi Parties Lawbreaking activities - Of interest is the following:

"On September 28, 1962, Roy James was convicted in Birmingham (Ala.) Recorder's court of Assault and Battery and disorderly conduct in connection with an attack by him on Rev. Martin Luther King": He received a $30 fine [illegible] at a ceremony at AND the Statler Hilton [illegible] he received a medal for his part in the [illegible]

Two months later, 1963, in January, the ANP [illegible] at the Fontainebleau Hotel, carrying [illegible] signs reading "FREE TEXAS", and FORGET ISRAEL, FREE CUBA [illegible] a wonder if the Cubans like [illegible]

When I said that George Lincoln Rockwell was not - that "racist", I did not - at least - think [illegible] is swamped with many examples of this - examples, [illegible] of his Tasteless, nevertheless genuine, human [illegible]

[illegible]

For instance:

Rockwell was selling a 99¢ record entitled HATE [illegible] HIT RECORD, sung by The 3 bigots.

a "BOAT TICKET TO AFRICA" — according to Rock[illegible] be handed to "your favorite nigger."

The end of the Esquire article has something about [illegible]

One Robert Hoyd was well known for his antics on the floor of The House of Representatives. He came in blackface and charcoal, yelling "I SE DE MISSISSIPPI Delegation."

These grown men playing [illegible] games are all of us as amusing - Rockwell's humor is [illegible] major source of this type of humor. His Hate Mongering convinces me of his utter silliness, plus his problem with titles like The following: NIGGERS' [illegible] A JEW! COMMUNISM IS IRISH! PROOF THAT [illegible] IS A PLANT!

I have enclosed he had special Easter [illegible] with FDR's image superimposed on each sheet/egg.

Now, however, I must get into something more [illegible]

In July, 1962 Rockwell sneaked to England for meeting of the World Union of National Socialists of [illegible] after it was over, Scotland Yard, Special Branch [illegible] him. He managed to elude them for several [illegible] London Newspapers reported his departure [illegible] Police "actually caught on" [illegible]

Several days [illegible] enough Time to get [illegible]

In August, 1962, The month [illegible] assassinated, George Lincoln Rockwell made a [illegible] Canada, claiming he was seeking a further [illegible] Nazi Party. He stayed at a Montreal hotel, [illegible] his True identity was eventually [illegible] was evicted.

According to Harrison, Montreal is the central [illegible]

...ban anti-castro exiles and Central Europeans loosely linked The Central Intelligence Agency.

So There we have it - We have established Rockwells ...ence in some very assassination involved places ----

New Orleans, Los Angeles, Miami, Montreal---

And home to Arlington where he was killed -

Another interesting gem of information from The FACTS collected

...n October 1962, Rockwell, interested in TACUARA, Argentine fascist organization wrote to Argentine National ...ist Front, asking for information about the Frondizi/Guevara - ...with TACUARA, then making headlines -

There is more ---

From Hitler's Heirs, by PAUL MESKILL - Pg 145

"Rockwell first attracted the attention of the Federal Bureau ...st organization in 1958 after a series of synagogue bombings ... South. Atlanta police arrested five men for blasting a ... Temple There. In The Swastika - decorated home of one of ... suspects, printing salesman Wallace Allen, officers found ... ...ten letter from Rockwell, then an unknown commercial ... in Arlington. The letter mentioned plans for a "BIG BLAST" ...Future." "DON'T LET THE ARABS GET INTO THE ACT ..."

"...questioned by FBI agents, Rockwell denied The "big ..." ...ould be an anti-Jewish picketing demonstration planned, ...stated. "Significantly, all five men indicted for the Atlanta ... ...were members of the NSRP. Two of the five

also belonged to the Ku Klux Klan."

Author Meskil also mentions casually his interview with Rockwell. Rockwell turned silent when he was asked about his connections in Cairo. Meskil claims to have learned Rockwell was in touch with Dictator Nasser's agents in New York and Washington. "The investigators", according to Meskil, "had a report Rockwell's anti-semetic party business was bankrolled by the United Arab Republic and the Arab League."

A Jules Rocco Kimble claims to have flown [illegible] to Jerrie on Minutemen business in 1962. Rocco denies all this bugging of assassination linked activity.

(Continuation of letter, page 5)

GARRISONS MOST DANGEROUS [illegible]

Following his sensational charges, expect the [illegible] if he is right, this country is in more trouble than the [illegible] Observer may think. The Fort Telegram that went to Texas on Nov 17, 1963, according to Garrison: "This went up to Hoover. This went up to J. Edgar HOOVER" (Voice emphasis Garrison). "What came down to John Kennedy and the [illegible] assigned to protect him, you can judge for yourself. There was a bubble top, WHEN THE SPECIFIC INFORMATION was received an ASSASSINATION ATTEMPT — etc." (Emphasized)

Add these all up --- what [illegible]

(A) The Secret Service knew there was to be an attempt (B) The FBI knew it (C) There is [illegible] negligence? Or high-level conspiracy?

We are closer to High Treason than we ever [illegible] if the President and the FBI knew [illegible] it. Ten minutes after the assassination, it needed [illegible] Oswald dead. Jules Ann Mercier claims to have [illegible] a photograph of Ruby by FBI agent.

Before Ruby killed Oswald.
