Dear THIRD DECADE subscriber:

With the March issue of the Journal I sent a notice of a planned research conference in Fredonia on June 28-30 of this year. The response to same was quite enthusiastic, and the conference will definitely go forward as scheduled. Among those who may give presentations at the conference are: Vince Palamara, Marty Crane, Joel Wagoner, Peter Whitmey, Robert Cutler, Anthony Marsh, Charles Drago, Mark Oakes, Louis Sproesser, Sheldon Inkol, Jan Stevens, Mary Ferrell and myself. John Davis, author of MAFIA KINGFISH, will give a public lecture on Saturday evening in which he will focus on the CIA-did-it and the mob-did-it "factions" in assassination research. There will be panel discussions on the use of assassination research in fictional accounts, the future of THE THIRD DECADE and the contributions of Bud Fensterwald. There will opportunities for viewing of videos and, of course, for people to meet and talk with one another informally. A tentative schedule of the conference weekend follows

OTHER NOTES

1. Informal attire is suggested for participants. Temperatures can range from rather cool to very warm.
2. There are many summer recreational attractions in the area, including Chautauqua Institution, located 20 miles away and opening the weekend of the conference. If you have time and inclination to enjoy any of these attractions, we can send you some tourist-type information.
3. For those arriving by air: we cannot, unfortunately, provide chauffeur service for the 45 or so mile trip to Buffalo Airport. A car rental may be your only practicable way to get from "here to there."
4. There is pretty good bus service for those coming from east of Fredonia but terrible service for those coming from the west.
5. If any questions or problems, please contact me (Jerry) at 716-673-3470 by day or 716-934-3537 by night.
