Dear Robert, 7/12/83

If I'd not been staying so busy on affidavits in FOIA litigation I'd have written before now to ask when to expect the copy of the Martin film. So, just having completed one of the many affidavits, I ask.

We are well and we hope all of you are. We had a siege of respiratory troubles, none of which got really serious, for almost five months.

Not much new, either, except t at the FBI has been making noises about putting me in jail for contempt. They got an order from a fink judge for me to provide them with discovery information, under the Act requiring them to provide me with information. I'm not complying and they've already backed off some. Takes work, tho.

I want it to go up on appeal and they suddenly fear that and oppose it.

Have you heard anything more on the enhancement of the Bronson film?

Jim has had nothing further to say about copying Z. Takes time, I guess. Especially when you are busy.

Our best to you all,

I'd heard nothing since sending him the check.

Deadlines on affidavits in FOIA litigation, not a new book.

I'm sure I got Stuckey documents under FOIA but because I had no interest in him I did not ~~kx~~ make separate copies for subject filing. I believe that what was disclosed is in both FBIHQ files and those of the NO field office. But without knowing their file numbers retrieving them is close to impossible and would entail a great amount of work. If you want them, best and cheapest bet, unless you want a special search, is to make a request for the disclosed records, both FBIHQ and NO field office. By use of the indices retrieval is easy for them. Takes some time but little. They charge 10¢ a page, nothing for under 250 pp as of my last info. But I'd expect to pay 10¢ per page.

No need to send postage in ~~xxx~~ advance. No idea what it will come to. How do you want it sent?

~~D~~ Sorry~~xxx~~ So you didn't get washed out!

Dear Harold:

Are you making progress on obtaining the Martin film?

You say you've been busy with "deadlines," does this mean you are working on another book?

By the way, did I ever ask you if you had any FOIA documents on Bill Stuckey?

Do you need for me to send the postage before you ship the tape?

Johann
