

Dear Mr. Weisburg,

I have been reading your book entitled "Photographic White Wash, Suppressed Kennedy Assassination Pictures", and am glad that you are writing this series of books trying to inform the public of the dishonesty of the U.S. government. I would like your answers to a couple of questions if you have the time to do so. How can we, as the public, have this case reopened and the truth obtained? Also how can we go about having the government corrected. Meaning finding about what is going on between the F.B.I. and the C.I.A.? I believe as you do that these two secret organizations are behind the conspiracy. I hope you, Mr. Garrison, and all involved in the legal aspects of this case can help us.

Thank you very much,

Dear Larry Strupp:

In my husband's absence, I am attempting to reply to his mail.

The best approach to an attempt to clear up the Kennedy assassination, as well as to correct other facets of government which need attention, is to bring pressure to bear on the political structure. If everyone who feels the need of righting governmental errors would write his representatives in Congress, both in the House and in the Senate, explaining his feelings, the Congress would better know what h~~is~~ people expect of it.

If my husband were home, he would encourage you to write to the Congress and express your views, on these and any other matters in which you are interested. Only in that way can this become what it should be, a government by the people. And only by participating (such as by writing) can one become a participant.

Thank you for taking the time to write. And I hope your Congressional representatives in both Houses will hear from you and from any of your friends who feel as you do.

Sincerely,

Lillian Weisberg
