

Dear Karen,

3/29/75 p.m.

Several hours after I mailed the letter I received a so-sorry phone call.

Seems like they gave me the wrong dates.

And sponsorship.

What I'm now told is the correct time- and I hope it is - is April 25-7.

A weekend, which makes more sense.

And the sponsor is the Student Bar Association of New York University.

That is located downtown, in or on the edges of Greenwich Village.

Admission for the three days is to be only \$6.00 but they expect many and I think there will be many. Very many.

I think it is called the Washington Square campus. If I remember correctly, that is the edge of the old Greenwich Village.

Several member of Congress are to be there. The names I remember are Abzug and Biaggi. So are Shirley McLaine, Marlon Brando, Robert Vaughn and Geraldo Rivera.

This means that the 22 and 23 and the morning of the 24 are o.k. here. I'll be leaving on the 24th but I'm not sure when. In time to get to NYU before supper certainly, perhaps in the afternoon. depends on what I'll try to do that day, if anything. When I'm there I should try to use the time. And I want to avoid being too tired at the shindig.

Would you care to get here the afternoon or evening of the 21st, if that is possible?

I'm busy that morning only, so far as I now know.

I am filing more suits. When you are here I'll show you what I got when I just started to go through the motions on one. The FBI is supposed to have given me the spectro through Jim yesterday. I doubt they'll come up with it but they are going through the motions of pretending. Jim not having called, I presume there is no reason for excitement.

As of now these are the only reasons I can anticipate for any further changes.

But maybe it would be good to have your phone.

Best,
