

Later 8/5/77

When I received a call from the reporter who was to come and learned he can't until next week I got the transcript out and went over it. That is, all but the stipulation. There are only 10 pages I need before the stipulation narration and 40 in it so don't bother sending the transcript back. Lil will copy ~~that~~ these pages and I'll put them together by allegation. I can cut them up as I got and break them into subjects. I can have this part done before you can get this letter. Thanks just the same.

Best,
