Dear Gary,

Among the enclosures are my two responses of today to John's ltr of the 8th, of which a copy is also enclosed. I have marked some of this, where the meaning is ambiguous, and I ask you to consider what may be involved if the reference if to something other than specified, the key word being underlined.

Even for the Archives, what they did with my request for a copy of a picture Johnson can put his hands on immediately is beyond belief. But, as with all the dishnnesty , it makes a better record and with what I now have on this makes for greater culpability. But what an enormous job undertaking to tabulate all of this! I must do it for our own trial.

No time for more now. I am sending this to you only. You realize, there are only two besides you who I've told of the other possibility. No, I'm wrong. In this case I showed it to Howard, and though I asked him to say nothing, he may have assumed I told Dick. I have not engaged in much correspondence on it and what I did was, I believe, elliptical, so much so, as I think about it, that the foregoing may baffle you.

If so, sorry.

Hastily,

By the way, I sent the affidavit earlier today.
