June 11, 1971

Dear Hal,

Thanks for your letter of June 2. It was good to hear from you again. Glad to hear that you have become re-interested in things. I have become quite inactive, although I still keep up correspondence. I work full time and then have to do my free clinic work in the evenings, so I usethe rest of the time for recreation.

Glad that you will be helping Frame Up. It certainly should be read, but few will hear of it the way things are going. Agreed about the parallels.

Before I mail this Iam going to try to get some stuff on RFK off to you. This is a tough week since Iwill be addressing the Bar Association Convention about assassination on Thurs. and then flying to SF on Fri. morning. That first weekend of the 19th & 20th will be rough# since that is when the heroin symposium is, and Mon. and Tues will be spent seeing drug treatment people, but starting Wed. of next week (23rd) I should have free time, hopefully for a week, since I hope to stay until June 30. We should be able to spend some time together. You will get on well with Guiseppe. I don't know about a meeting with Smith, since I don't know when or how I will be getting together with him myself, but I will try to see if you can make ittoo.

Thanks for the offer of a place to stay. At least for the beginning of the time in SF I will be staying with Guiseppe Slater at 271 Frederick St., SF 664-2454. I will get in touch sometime after Iget in.

Agreed on black apathy as not really surprising. I am enclosing my memo on Malcolm X in case you don't have it.

Looking forward to seeing both you and Paul. Don't worry if I am not in touch until the 21 or 22nd--my schedule could get quite heavy--I don't know.

Harry
