Dear Paul,

Thanks for your letter of June 9 and its enclosures. I think that the page on Kara-Pat. is more than rouhine though, because it does make mention of an Intourist guide who "allegedly made frequent visits to the subject," something I don't know about, and the following# words# about "joggling" his memory suggest something of their attitude towards him.

Thanks for the offer of rides, etc. I will try to get in touch when I get into town, but the likelihood is that I will be busy from Friday to Tues, because the conference is on Sat. and Sun., and I have to see a number of people on Mon. and Tues. (this is because some of the drug treatment people who will be coming with me haveto leave on Wednesday, so we have to get business done early. I hope to be able to stay until the 30th.

One of my principal areas of interest is the Free Clinic. We have one of our won, and I may be its director this coming year, half time under a govt. grant.

I heard from Hal Verb who has gotten reinterested in the case through reading FrameUp. Hope to see him too when I am out there.

See you soon. Gary
