Dear Paul,

Just a brief note. I am definitely planning on going to San Franssico for a week or two in the second half of June. I will be going to the National Heroin Symposium on June 19 and 20. I will be spending a lot of time with the people at the Haight-Ashbury Free Clinic. David Smith, its foundes and director, who was out here invited me. We got on very well and I have a great deal of liking and respect for him and# his work. We have a small version of their clinic in Mpls. to which I devote a lot of my time. I have hopes of making it a full time thing eventually and would like to devote my professional efforts to changing the manner in which such services are made available to people. In any event, I'm coming and do have a lot lined up to do, but hope to catch you and Hal Verb around. I haven't been in SF for 6 years since when I hitched across the country from Cornell to the West Coast.

Enclosed is my most recent letter to Harold. I hope that this letter finds you in good health and spirits.

Best#,
