Dear Jerry,

It was good to talk with you on the phone. Thanks for filling Harold in. I have finally pulled out of my inertial and depression and am writing people again. Enclosed is my last letter to Harold to keep you up to date.

I expect to get the Nix film footage off in the mail this week.

As soon as I get more time I'll write you a longer letter. I hope this one finds you in good health and spirits. I'm still trying to untangle myself from this deluge of responsibility at work. And someone, almost apologetically, inquired as to whether I was going on my dissertation yet.

Well, that's all for now. Best wishes.

Gary
