Dear Harold -

In case you missed it, the enclosed clipping may be of some interest. Are you in touch with Rothermel?

Have you had contact with Church's committee or it's member's (e.g. Mondale). I have not because they haven't impressed me.

But, currently I am considering a letter to Mondale (whose office I stay in touch with over mental-health/drug issues)

suggesting that they explore those CIA camps in the N.O. & Florida areas via contacting you. How would you feel about this?

Last but not least, in going over some old notes I discovered testimony that Geo. DeMohrenschildt was connected up w/ the Schlumberger Co. & made frequent visits to meet w/ their president. That brought back memory of that Novel-Arcacha Smith - Bannister - Ferrié burglary.

[redacted]

I hope things are well with you and Lil.

Regards,

Gary Schoener
