Dear Harold & Lil -

My apologies for being such a lousy correspondent. I'm busier than ever at the Walk-In Center - we're putting out a book soon on abusive therapist.

I got out my old assassination files recently after hearing Daniel Sheehan of the Christic Institute talk about Irangate. Remember the old Gary Underhill story? Well all of a sudden his talk of JFK discovering "gun running" in SE Asia took on new meaning.

On the personal front, much to our surprise & delight Katherine is pregnant & due to deliver a baby boy on Dec. 24. We had an amnio (she's 40, I'm 43) & that's why we know the sex.

I hope both of you are in good health & spirits. I wish we lived closer - it would be nice to see you again & catch up.

Warmest wishes,

Gary S. &

Katherine Gray
