A while ago I wrote to Jim Alcock, and Andrew Sciambra. They have not written back yet. I dont expect them to. Would you know of any other researcher or one of the assissanition witnesses who would be of any help to me? I would like to talk to Jean Hill or someone. Mabe if you know a honest reasearcher who would talk to me could you please let me know, thanks.

On Thursday May 30th I got my information on Lee Harvey Oswald. The information came from the F.B.I and one file from the CIA.It seems like some good stuff. Did you here about the new film they found? IT WAS ON CBS news. The film dont have much new information, least I didnt think so.

I do have one question:Do you think that JFK was killed because of his withdrawel from the Vietnam war? I allways thought so,especilly when I saw the memorandom 263.

So in July if its ok my mom and I will visit again, if its ok, in the mean time take care and tell Mrs.Weisberg Hi from my mom and I ok.
