Dear Mr. Weisberg,

I know I didn't need your permission to write against the La Fontaines, though I was asking for it. I would like to at had you help me on the book but as it seems now, you will not.

I feel that I can go against Oswald talked, with the information Jim Leavelle can give and some of the files I have I think I can do it. I will not now send you nothing that has to do with "Oswald talked". I am now working on a part two of my first book, if you care to I will send some rough drafts. I want the information I have to be right in both of my new books. I am not like Groden, Livingstone, or Posner!

I just received "Oswald talked" and "Oswald in New Orleans". I did not read Oswald talked yet. I did plan to read your book first then Oswald talked. I am

Not reading Oswald Talker till  
~~February~~ February. I visit Leanne in  
March. ~~Q~~

I take it you are now,  
not going to help, that is fine,  
I think you would be a  
very big help, I will not ask no  
more, nor no more questions.

Sincerely,  
Cal Lehman
