

Dear Mr. Weisberg,

I take it that you are upset and are not going to answer back. I feel though that I need to tell you that I meant nothing by my last letter. I just wanted to tell you that I wanted to go against "OSWald Talked." I still feel like I can do it. I'm saying this because I don't want you to be upset.

I have now what, please my eye should not have, heart problems. I can't do much now cause with constantly loosing my breath and my heart races for no reason, I now can't do much.

I want to finish the book I'm working now, JFK Exposing The Cover Up II. I will try to finish it soon as I can. I have alot more to do.

Would you like some of my rough drafts. After each chapter I am putting in files that support what I wrote. I need, well I could use some advice on

it. Would you help?

Len supposed to go visit Jim Leavelle in March. We have not heard from him since his first letter in October.

He told me any time we was in Dallas he would talk with me. We are going to talk with him or we mean we are going to write to him one more time. If you hear from him could you please tell him that Len not such a bad person. We may have upset him by saying that Gerald Posner's case closed was ~~so~~ ^{so} much farther from the ~~the~~ real truth. We are not sure if that upset him or not, we hope we didn't. Take care

Your friend,
Cal Schenck

Dear Cal,

12/26/96

You say you have heart trouble but you do no report having been to a doctor or what he told you. Those kinds of ^{m/}syptoms can came from causes not within or of the heart. I hope that is the case with you. 45 years ago I had a irregular heart beat for years and then it just got regular again. I hope that what you have is not a serious condition and that you can do for it what most people are able to do.

I did not answer your last letter because I have more to do that I can now find time for and most of what you are talking about is unreal. I told you that. You paid no attention to it. You do not have to, of course, but I also do not have to do what I think is a waste of my time of which I have so little.

Now I have to rest much more and I do. And I do have my own writing and the reading and correcting of what is being retyped.

It is little childish for you to believe you know enough to be able to do a real job of refuting the dishonest "Oswald Talked."

It in fact is a waste of your time and your mother's money for you to even get and read that stuff.

Particularly when you have not begun to do what you can do to become more of a subject-matter expert.

Good books you have not read. Bad books you get to read?

I think you know I've taken all the time I could for you and done all I can to be of help to you. But I also have my own work and my own problems to cope with. They mean I can't keep doing what I know is wasting time.

Leavelle and I are friends but we are not pen pals who write each other just socially. I have not heard from him in a while.

Hope you have all had a good holiday and will have a fine year.

Best,

Harold
