SCHWEIKER ASKS REOPENING OF JFK KILLING PROBE

WASHINGTON--September 8--Citing a false sworn statement by late FBI Director J. Edgar Hoover, U.S. Senator Richard S. Schweiker (R-Pa.) today asked the Senate to re-open the investigation of the assassination of President John F. Kennedy.

The investigation would be conducted by the Senate Select Committee on Intelligence Activities, on which Schweiker serves, and would focus initially on the role of U.S. intelligence agencies in investigating the assassination for the Warren Commission. Schweiker said the intelligence committee has the expertise and manpower to conduct a "vigorous and meticulous" inquiry.

"Recent disclosures have devastated the credibility of the Warren Commission Report," Schweiker said. "We now have evidence the Commission's primary investigative arm -- the Federal Bureau of Investigation -- destroyed and suppressed evidence. And there are indications the FBI may have influenced witnesses to deliberately mislead the Warren Commission," he said.

Schweiker said, "Previously classified documents dramatically demonstrate the frustration and resignation of Commission members who felt they couldn't get the truth from the FBI." He referred to a transcript (attachment A) of a previously TOP SECRET Warren Commission session in which Commission member Allen Dulles acknowledged that FBI Director Hoover might lie to the Warren Commission about FBI links with Lee Harvey Oswald, even if asked by the President to answer truthfully.

Schweiker also pointed to a previously classified Warren Commission transcript (attachment B) in which three Commission

--more--

members agreed the FBI refused to investigate evidence of a conspiracy because of its own preconceived conclusion that Oswald acted alone.

"No wonder sixty percent of the American people doubt the Warren Commission's findings," Schweiker said. "The Commission members themselves doubted they were getting the whole story, and the FBI participated in what can only be called a coverup."

Schweiker cited the recent admission by current FBI Director
Clarence Kelley that Oswald visited the Dallas FBI office in
November and agents there destroyed a letter in which Oswald
threatened the FBI. The letter was received several days before
the Kennedy shooting and destroyed sometime after it. This was never
revealed to the Warren Commission.

Schweiker said this new admission proves false Hoover's sworn statement to the Warren Commission (attachment C) which limited to three specific dates the number of FBI contacts with Oswald prior to the assassination.

Schweiker said the following factors also underscore the inadequacy of the original investigation:

--the fact that only two Texas FBI agents and no CIA agents testified before the Warren Commission -- this despite persistent rumors at the time of intelligence community connections with Oswald and his killer, Jack Ruby. There were an estimated 50 FBI agents stationed in Dallas alone at the time of the assassination.

--the failure of the Warren Commission to follow up on former Dallas Police Chief Jesse Curry's report (attachment D) that he suppressed evidence for five months following the assassination at the direct request of the FBI. Curry now says the high FBI official making the suppression request was acting on personal orders from Hoover. The evidence in question indicated that the FBI had prior knowledge that Oswald could be a threat to Kennedy.

-- the failure of former CIA Director Dulles to inform the Commission of U.S. attempts on the life of Cuban Premier Fidel

Castro, and Castro's subsequent threats to retaliate against "United States leaders" (attachment E). Schweiker said, "Since this was one of several possible motives for the assassination, it should have been explored."

Schweiker said he finds it "intriguing" that of the 152
Warren Commission documents which remain classified, 130 relate
to U.S. intelligence agencies -- 107 FBI, 23 CIA (attachment F).
"If Oswald was indeed a madman acting alone, what justification
is there for keeping these documents classified 75 years after the
assassination?" Schweiker asked. "The most probable explanation
is that they link Oswald, or Ruby, or both, to U.S. intelligence
agencies."

The Schweiker resolution (attachment G) will specifically empower the Senate CIA committee to review all the Warren Commission documents which remain classified in the National Archives.

States comes to you and says, "Will you tell me, Mr. Dulles?"

Mr. Dulles. I would tell the President of the United

States anything, yes, I am under his control. He is my boss. I wouldn't necessarily tell anybody else, unless the President authorized me to do it. We had that come up at times.

Mr. McCloy. You wouldn't tell the Socretary of Defense?

Mr. Dulles. Well, it depends a little bit on the circumstances. If it was within the jurisdiction of the Secretary of Defense, but otherwise I would go to the President, and I do on some cases.

^***

Mr. Rankin. If that is all that is necessary, I think we could get the President to direct anybody working for the government to answer this question. If we have to we would get that direction.

Mr. Dulles. What I was getting at, I think under any circumstances, I think Mr. Hoover would say certainly he didn't have anything to do with this fellow.

Mr. McCloy. Mr. Hoover didn't have anything to do with him but his agent. Did you directly or indirectly employ him.

Mr. Dulles. But if he says no, I Ididn't have anything to do with it. You can't prove what the facts are. There are no external evidences. I would believe Mr. Hoover. Some people might not. I don't think there is any external evidence other than the person's word that he did or did not employ a particular man as a secret agent. No matter what.

Warren Commission Executive Session 1-27-64

Declassified 6-12-74

Now the difficulty with trying to get the man in charge and asking him those questions is how much do you know about what he is giving. If we get him here before the Commission, I think you could ask him a good many things but he would probably say two-thirds or more of the time, "I told you this and I told you this and my reports", and so forth.

So I don't think we have equipped you as Commissioners so that you could do that.

He would soon find you didn't know anything like what he did about the matter.

As far as we are concerned, the men are getting edvised of the areas as rapidly as possible, and they are coming back with these further inquiries, but there are vast areas that are unanswered at the present time.

We have some differences between the Secret Service and the FBI, we have location of their cars and where the shots were and things where they differed as much as 17 feet, and we are trying to find out how they could have that much difference between them, and there is an explanation. It isn't as bad as that, because some of it is part of calculations.

Mr. McCloy. Calculating their speed, I suppose.

Mr. Rankin. That is right. And whether or not the first shot occurred behind the sign or just as he came out from behind the sign and matters of that kind.

Mr. McCloy. I can see the difficulty with that. But on the

Warren Commission Executive Session 1-27-64

other hand, I have a feeling we are so dependent upon them for our facts that it might be a useful thing to have him before us, or maybe just you talk to him, to give us the scope of his investigation, and as of that date, some of the things that are still troubling us, and we will be able to ask him, for example, to follow up on Ecety.

Mr. Rankin. Part of our difficulty in regard to it is that they have no problem. They have decided that it is Oswald who committed the assassination, they have decided that no one also was involved, they have decided --

Sen. Russell. They have tried the case and reached a verdict on every aspect.

Rep. Beggs. You have put your finger on it.

Mr. McCloy. They are a little less cortain in the supplementals than they were in the first.

Mr. Rankin. Yes, but they are still there. They have decided the case, and we are going to have maybe a thousand further inquiries that we say the Commission has to know all these things before it can pass on this.

And I think their reaction probably would be. "Why do you want all that. It is clear."

Son. Russell. "You have our statement, what else do you need?"

Mr. McCloy. Yes, "We know who killed cock rebin". That is the point. It isn't only who killed cock rebin. Under the terms

FBI headquarters has obtained affidavits from every Special Agent who was in content with Oswald, as well as affidavits from their respective Sacs. These affidavits show that none of those FBI Agents developed Oswald as an informant.

Mr. Honry H. Wade, a former Special Agent of the PBI and currently the District Attorney of Dallas County, Texas, reportedly testified previously to the Countssion that he had

heard that lee Harvey Oswald was an 731 informant with the symbol number "178" and was being paid \$200 monthly. As the facts clearly show, this is not true.

His passage from New Creams to Guayaquil, bunder, cost over \$500 alone. In addition, he was required to make full restitution of the total amount which had been advanced him and subsequently did so. All of his expenditures of the total amount furnished him were substantiated by vouchers he substituted.

Mr. Wado arrived in Ecuador on August 16, 1942. He operated in an undercover capacity with a symbol number, a specifically Minhor 34c, and used the code name "James" in signing communications. Within Ecuador, he was referred to as Coufidential Informant Mumber 6.

HOUSTON (TEX.) CHRONICLE 9-1-75

Following is a reproduction of then Dallas police chief Jesse Curry's letter to Chief Justice Earl Warren explaining Curry's role in the coverup of Lt. Jack Revill's statement that FBI agent James Hosty told him the FBI had information that Lee Harvey Oswald was capable of assassinating President John F. Kennedy.

CONFIDENTIAL

The Honorable Earl Warren, Chairman President's Commission on the Assassination of President Kennedy 200 Maryland Avenue, N.E. Washington, D. C. 20092

Dear Sir:

in a letter to me dated May 21, 1964, Mr. J. Lee Rankin, General Counsel of the President's Commission on the Assassination of President Kennedy, raised several points concerning Lleutenant Jack Revill's report of November 22, 1953, on his conversation with FB1 Agent James Hosty on that date.

The first question posed by Mr. Rankin was why Lleutenant Revill's report was not made known to the Commission prior to my appearance before that group. When I received the report on November 22, 1963, I immediately realized the gravity and seriousness of the information it contained. On that date, before newsmen, I stated that I had received information that the FBI knew of Oswald's presence in Dallas and that the Dallas Police reportment had no information on Oswald in its files. This statement was based on the report of Lieutenant Revill.

Within a few minutes of my statement to the press, I received a telephone call from Mr. Gordon Shanklin, Special Agent in charge of the Dallas Office of the FBI, in which Mr. Shanklin stated that the Bureau was extremely desirous that I retract my statement to the press. I then appeared before the press again, and retracted my statement to this extent: I stated that "lof my own personal knowledge" I did not know that the FBI knew of Oswald's presence in Dallas, and that If they did they were under no obligation to the Dallas Police Department to pass on the Information.

After the appointment of the Warren Commission, I was reasonably sure I would appear before that tody, so I decided to present the report, personally, at the time of my appearance. I felt that the Commission would probably like for the statement to be notarized, so I had this done on April 7, 1964.

Mr. Rankin's next question concerned the date that the report was placed in the intelligence Unit's files. I instructed Lieutenant Reviil to keep this report confidential. He said that after his copy was returned to him, he kept it locked in his deak drawer until after I returned from Washington where I delivered the report to the Commission. He then placed his report in the files.

Mr. Rankin further asked if I know of any additional information in the possession of the Dallas Police [epartment that had not been made evailable to the Commission. I know of no such information.

Very truly yours.
