Dear Moo.

Now that you have a few minutes besides the time you'll be sleeping (I hope), I have something else to ask of you. In going overs some files to run them into my main file I found a serox of what looks like a States-Item story, the date is illegible but so ms to to 5-31-63.

This is the story of the death on a dencer named Betty helton, who denced as Kitty Revelle. She allegedly threw some kind of fit is the apartment she shared with Dennis Hovde. The had earlier share the apartment with an unname men who, when he left, left behind a 30-06 Enfield, a cigar-box full of shelss, a .45 Army Jolt with about 500 shells and a case of shotgun shells, according to Sam Moran, chief investigator of the coroner's office. Sgts James howley and Det. George Bouyelas of Homocide investigated.

when she was throwing these fits, movde merely sought to restrain her. When she fell juict he is said to have said he thought she was asleep. This happened 7 p.m. he said he went to bed in another room, but when he found her at 2:30 a.m. he called police.

that I have an Caweld picture with several unidentified New Orleaneens in it. One is said to resemble Dennis Hovde. he was held for questioning, so I am assuring there will be a report and perhaps a picture. If so, I'd like to see, please.

Betty is said to have known a men who figured peripherally in checking out the story you neard me get from the pretty girl who knew Thornley, Barbara, in Virginia.

Thanks,

Gary-this is in reference to the Martin film, one of the men in it. The dead girl knew a sado-messochist, he was also a professional thief, working in one of the tourist attractions in N.O. Harold Weisberg
