Mr. Richard Kleindienst
Deputy Attorney General
US Department of Justice
Washington, D.C.

Dear Mr. Kleindienst,

Once again I remind you that I have not received the picture requested from the Ray file. I have already paid for the copy.

In the light of the purposes of the law, and especially when one considers the unseemly haste with which your Department rushed into court with the demand that this matter be ruled moot, it is difficult to regard this as other than a continuing effort at suppression and but another harrassment.

I would appreciate it if you would direct that this picture be sent me forthwith. Even without the negligible amount of work involved in making a print from the existing negative, your Department has prints. There is not now and never was any need for this excessive delay.

On another matter, the quest for truth leading down twisting paths, as it does, I would appreciate copies of those papers filed by the government in what I regard as an entirely frivolous case filed in Federal court in Chicago by one Sherman Skolnick, No. 70 C 790. Had it been possible, I would have filed a counter action. However, I lack the resources. Nonetheless, because I regard this action as having other than the pretended purposes, as one of self-seeking design only, I am anxious to keep up with it.

Sincerely,

Harold Weisberg
