

you - sorry I didn't think
of it sooner but everything
I've got by use of FBI -
which runs in and out
of court - is diametrically
opposite the official
representation of it.

The ~~most~~ most obvious
of which you are aware,
is 718-50. Think of
The picture I got
from Blendonst -
it is been printed
upside down in the
Memorandum used in CD,
The FBI report.
