Sheriff HENRY A. REID, JR., Calcasieu Parish Sheriff's Office, Lake Charles, Louisiana, was interviewed and furnished the following information:

On November 25, 1963, at approximately 9:00 AM he was personally contacted at his home by Mr. SAM MANCUSO, a former member of the Louisiana State Mineral Board. MANCUSO told him that approximately three or four weeks ago, he met LONNIE MORGAN, a white male, approximately 40, at Billie's Cafe, located on Ryan Street, Lake Charles. MORGAN is a drilling foreman for the Continental Oil Company in Lake Charles, Louisiana and MANCUSO has known MORGAN for approximately six or seven years. At this chance meeting with MANCUSO, MORGAN asked MANCUSO "How about making a contribution to kill the SOB?" MANCUSO asked MORGAN what he was talking about and MORGAN replied, "Kennedy". At this time MORGAN displayed a small piece of paper with names written thereon, wrapped around some currency. MANCUSO advised REID that certain elements in the oil industry have been violently opposed to President KENNEDY's oil depletion policies.

REID advised he told MANCUSO that he would notify the FBI concerning the statement made by MORGAN.

SAM MANCUSO, 1135 Hodges Street, Lake Charles, Louisiana, was interviewed and furnished the following information:

Approximately one month ago, during the morning hours, he met LONNIE MORGAN, whom he has known for about six years outside of Billie's Cafe, 900 Ryan Street, Lake Charles. He advised he does not now recall whether he had been drinking coffee with MORGAN but after meeting outside the cafe, MORGAN stated "I'm raising some money to get rid of that SOB". He asked MORGAN what he meant and MORGAN replied "Kennedy". MORGAN then displayed a small piece of paper with what appeared to be written names thereon and wrapped some currency with the paper. MANCUSO assumed the currency represented previous contributions. At this point the conversation was terminated by the arrival of one or two men, identities not recalled. MORGAN did not mention the name of any group or organization he might have been representing and MORGAN may have been using this approach to make a personal loan from him. He has had no further discussions in subsequent contacts with MORGAN concerning this matter. He did not believe at that time that MORGAN actually meant the death of the President when he used the phrase "get rid of the SOB" but following the assassination of the President he viewed the statement in a different light and thought the conversation with MORGAN should be reported.

MANCUSO is of the opinion executives of the oil industry as a whole have been strongly opposed to the oil depletion policies of the Administration. He advised he holds no personal animosity toward MORGAN who he considers a close business associate. He advised MORGAN has been with the Continental Oil Company for approximately eight years and believes MORGAN is from the McAllen, Texas area. MORGAN's closest associates in the Lake Charles area are CLINTON "Red" GRIFFITH, Griffith Rental Tool Company; W. G. HILL, District Supervisor, Continental Oil Company; JIM SUDDUTH, local tax consultant. MANCUSO knows of no associates or relatives of MORGAN in the Dallas, Texas area.

A. J. ZICKLER, Manager, Production Section, Continental Oil Company Off Shore Operations, 400 Kirby Street, was interviewed and furnished the following information.

He has known LONNIE B. MORGAN, Drilling Foreman, Continental Oil Company, for about two years. MORGAN is not assigned to his section and he therefore does not know him as well as his direct supervisor, ART GENTRY. He does have occasion to see him almost daily at work and recalls seeing MORGAN in the Continental offices on Kirby Street during the morning hours of November 22, 1963, until about 10:00 a.m. At no time during the period he has known MORGAN, has MORGAN ever indicated extreme hatred toward the late President KENNEDY or the administration. At no time, to his knowledge has MORGAN ever solicited or sought contributions for a fund to "get rid of KENNEDY". He is not aware of MORGAN's political, racial or other personal views and has not heard from any source that MORGAN was raising funds to "get rid of KENNEDY". He is of the opinion he would have certainly heard if MORGAN was seriously conducting such a campaign. He does not know of any organizations or groups to which MORGAN might belong but does recall MORGAN has mentioned the Masonic group in the past.

Date November 27, 1963

ARTHUR ALLEN GENTRY, District Supervisor,
Continental Oil Company Off Shore Operations, 400 Kirby
Street, Lake Charles, Louisiana, furnished the following
information:

He is the direct supervisor of LONNIE BEN MORGAN and as such is in contact with MORGAN several times a day in connection with company oil drilling in the Gulf of Mexico. He advised MORGAN has been a drilling foreman for the Continental Oil Company for approximately six years in the Morgan City, Cameron and Gulf area of Louisiana. Two or three years ago, MORGAN was in Mexico on Company drilling operations for a brief period but with that exception has worked in the southwest Louisiana area almost exclusively. During the six year period he has known MORGAN, at no time has MORGAN ever voiced his political opinions concerning President KENNEDY or the present administration. He does recall some discussions where he obtained the opinion MORGAN was a segregationist, but no more so than many southerners and MORGAN's views on the racial problem were not radical or extreme. While he can not be positive, he is quite certain MORGAN has not been seeking contributions for any cause, group or organization among persons engaged in the Oil Industry in the Lake Charles area as sooner or later he would have heard about such activities. At no time has MORGAN approached him about making a contribution "to get rid of, or to kill KENNEDY". He is of the opinion MORGAN's estranged wife may have reported that he did make such a statement as she is very bitter concerning the pending divorce and is known to be an alcoholic.

As the direct supervisor of MORGAN he advised he is personally aware MORGAN has not been in the Dallas, Texas, area on company business or during working hours. If such a trip had been made it would have to have been made almost overnight as he is also in contact with MORGAN on weekends. MORGAN did take a trip to McAllen, Texas, several months ago to visit his parents for a weekend and to the best of his knowledge, this was MORGAN's only trip to Texas in the recent past.

On Friday, November 22, 1963, he personally observed MORGAN in the offices of the Continental Oil Company, 400 Kirby Street, Lake Charles, Louisiana, between the approximate hours of 8:00 a.m. and 9:30 a.m. MORGAN was filing and working on drilling reports during that period. At approximately 10:00 he instructed MORGAN to proceed to Cameron, Louisiana, and then to Continental Oil Rig #192A located in the Gulf of Mexico. At approximately 3:00 p.m., November 22, 1963, he received a radio communication from MORGAN at the Rig concerning a particular drilling problem which had arisen.

He advised the Continental Oil Company has no office as such in Dallas, Texas, to his knowledge and the nearest office to Dallas would be the Fort Worth Office.

JAMES M. SUDDUTH, 3414 Patrick Street, Lake Charles, Louisiana, was contacted at his place of business, Sudduth and Associates, Tax Return Preparation, 908 Ryan Street, Lake Street, Lake Charles, Louisiana.

He advised he was formerly associated with SAM MANCUSO in the Southwest Barge Terminal, and while in this business he became acquainted with LONNIE MORGAN, drilling foreman for Continental Oil Co. He stated he has known MORGAN for about 5 - 6 years, but actually, MANCUSO was more friendly with MORGAN.

He stated MORGAN never said anything to him about taking up a collection to get rid of President KENNEDY or anyone else. He stated MORGAN definitely is a segregationist, but he has never said anything about hurting President KENNEDY, ROBERT KENNEDY or any other KENNEDY. Mr. SUDDUTH stated he has never known MORGAN to take up a collection for any individual, group or organization.

Mr. SUDDUTH said that MORGAN, just as almost every segregationist in the South has undoubtedly made unkind remarks concerning the Administration's Civil Rights stand, but he has no knowledge that MORGAN has ever said anything about harming President KENNEDY.

He advised that to his knowledge, MORGAN does not belong to any civic or fraternal organizations, and that other than his fellow employees, the only friends of MORGAN that he knows are RED GRIFFITH, Griffith Rental Tool Co., and SAM MANCUSO.

CLINTON "RED" GRIFFITH, 2202 21st Street, Lake Charles, Louisiana, was contacted at his place of business, Griffith Rental Tools, Inc., 230 N. Highway 171, Lake Charles, Louisiana.

He stated he has been acquainted with LONNIE MORGAN, who is employed by Continental Oil Co., Lake Charles, for about six years. He explained he is a customer of MORGAN's, and knows him both through business and socially. He stated they are on the same bowling team.

Mr. GRIFFITH stated MORGAN has never said anything to him about taking up a collection to get rid of President KENNEDY or anyone else. He stated he knows MORGAN does not agree with the policies of the Federal Government concerning racial matters and oil allowables, for example, but he feels sure MORGAN would never entertain the idea of killing the President of the U. S., be it JOHN F. KENNEDY or anyone else. He stated it is very possible that MORGAN, himself, or any Southerner might say something to the effect that KENNEDY was an SOB for pushing integration, or that he was acting foolishly concerning some of his policies as affect the oil industry, but certainly none of this kind of talk was meaningful to the degree that the person saying such would actually wish any harm to President KENNEDY or the Attorney General.

He stated he felt sure that if LONNIE MORGAN ever said he wanted "to get rid of" President KENNEDY, he meant that the way to do it would be to "get rid of" him at the polls, by voting against him.

He stated MORGAN was really a quiet person and just does not have the personality to make friends. He stated MORGAN's friends, as far as he knows are just some of the people who work with him at Continental Oil Co.

Mr. GRIFFITH stated that to his knowledge, MORGAN has never joined any civic or fraternal organization, until recently, when he joined the Masons.

She stated Mr. MORGAN has never said anything to her about taking up a collection to get rid of President KENNEDY or anyone else. She advised MORGAN is definitely a segregationist and is opposed to the policies of the Attorney General, ROBERT KENNEDY, who MORGAN states has been pushing integration too fast. She stated she just feels MORGAN is too quiet and sensible to ever have any thoughts about hurting the President or anyone else.

Mrs. JACKSON stated MORGAN was recently divorced from his wife, and she and her husband have noted that since their divorce, MORGAN has come home right after work each evening and rarely goes out. A review of records, Calcasieu Parish Clerk of Courts Office, Parish Courthouse, Lake Charles, Louisiana, showed that LONNIE BEN MORGAN filed for divorce from NINA I. MORGAN in Louisiana 14th Judicial Court on July 25, 1963, which action was filed under number 58878.

MORGAN's petition stated he was requesting the divorce on the grounds that his wife had treated him in a cruel and inhumane manner by habitual intemperance, specifically staying drunk and using vile and obscene language from July 20-23, 1963. Mrs. MORGAN's answer denied the statements made in her husband's petition.

On September 19, 1963, judgment in favor of LONNIE BEN MORGAN was returned, with condition that MORGAN give half his property to his wife and that he pay her \$200.00 per month alimony, plus pay \$116.00 monthly rent on her residence at 215 Beauregard Street, Lake Charles, until such time as the divorce is final.

No record of any chattel mortgage in the name of LONNIE BEN MORGAN was located in the records of the Clerk of Courts office.
