Dear Mr Weisberg:

I would like to know if you can give me some information on some material printed in your books. I hope you can assist me in my research.

On page 177 of "Whitewash IV", you state that two rifles were placed at the crime scene (Danaher points, number 3). You could you elaborate and give me more information on this.

On page 454 of "Post Mortem", you discuss the bullet mark on the Main St, curb section and its initial finding. You state that Walthers was photograped examining another bullet mark. Could you give me some information on this including, what photos, how I can obtain them, where was the hullet mark, who was present when it was discoverd, etc.

On pages 90 and 91, you discuss the hit to the President before frame 210. You also say that you have proff that two frames are missing from the Zapruder film. What frames are these? Are they Z-155 and 156. It is interesting to note that you said a shot may been fired at Z-155 and there is a visible reaction at Z-192. The Dallas police tape indicates that shats were fired at Z-157-161 (I beleive it more likley at Z-155 or 154 to 159 or 158) and that a shot was fired at Z-188-191, witha reaction near 190-200. So it appears that your photographic analysis was correct in pinpointing possible shots on the Zapruder film.

Thank you for your time and concern

Sincerly,

Todd Vaughan

Dear Mr. Vaughan,

Sorry not to have been able to respond to your inquiries sooner.

WW IV, p.177, 2 rifles, both reported by Oswald: Warren Caster had two rifles at the TSED just before the assassination. One he'd bought for himself, one for his son.

FM 454, Buddy Walthers examining another bullet mark: one of these pix is in one of the 26 volumes, all are at the Archives. The spot is the south side of Elm, near a manhole. This was just minutes after the shooting.

FM 90-1: I believe you are right, that I had Z155-6 in mind but I'm not sure now. If not those then approximately those.

In line with your comment that the HSCA's analysis of the Dallas police tape confirms this it may interest you to know that I had this part of FM written in 1968-9.

Best wishes,
