

3/3/93

Dear Mr. Walter,

I'd like to have the time to respond to your 3/1/93 other than with bald and unsupported statements but when I'm only a few weeks from 80, unwell and still trying to do much there is a limit to what I can hope to accomplish in addresssing a single person about the disinformation spread so effectively by those who remain ingorant of the established fact of the JFK assassination and from that ignorance weave exploitations and commercializations that, being made up, can be made attractive.

The British documentary is just plain wrong and so is <sup>W</sup> Summers on the alleged <sup>C</sup> Cirsican, what the Britishers took from a faulted manuscript and killed it thereby and Summers took from them. It is as Shakespeare once said, "it is not the many oaths that are sworn it is the one that is sworn true." <sup>h</sup> These guys are making themeslves rich and famous while <sup>u</sup> rapping off the public mind while the hand is still in the till. They imagine themselves both Perry <sup>M</sup> Masons and authentic scholars and they are neither. But they have reached many people, influenced their thinking and understanding and in the process become wealthier and more self<sup>i</sup>important without once ever addressing the basic and established fact to ~~see~~ see if their fantasties or those they adopt of others can be made compatible with it.

The same is <sup>true</sup> ~~true~~ about the <sup>at</sup> alleged Mafia involvement. They are the <sup>ones</sup> ~~ones~~ most certainly not going to sue so anything all can safely <sup>be</sup> attributed to them.

Sorry I can't <sup>not</sup> explain more, and thanks

Dear Mr. Weisberg,

Enclosed is a U.S. Postal money order for the amount of \$12.50. Please send me one (1) book authored by yourself titled **FRAME UP: THE MARTIN LUTHER KING-JAMES EARL RAY CASE** (ISBN 0911606-06-8), costing \$12.50 postpaid.

Per our earlier conversation, we talked about the Mary Moorman Polaroid photograph and "Badgeman", the individual wearing some type of uniform, possibly one similar to a Dallas policeman's. Since United Press International (UPI) is still trying to computer-enhance the Polaroid's image, it may be several years before it is released. Could you tell me a source where I might be able to purchase a good reproduction, magnified image and computer-enhanced? I am sincerely interested in seeing this possible assassin. The British documentary "The Men Who Killed Kennedy" as well as author Anthony Summers of **CONSPIRACY** both stated the "Badgeman" assassin on the grassy knoll was a Corsican contract killer and (later) drug smuggler named Lucien Sarti. Both sources stated that he was indirectly hired to assassinate President Kennedy through Mafia God-fathers Carlos Marcello and Santo Trafficante.

I am looking forward to receiving the ordered book as well as your catalog. Your assistance and cooperation in these matters is greatly appreciated. Keep up the great investigative work and book-writing/publishing!

Sincerely yours,

ALAN J. WALTER
