

WCBM Thompson drafts

Altgens picture beginning with #1, "I found it at UPI in the bottom of a manila envelope" - repeats several times it is a UPI picture.

25 - Says Oswald did not say he was in front door of TSPD at time of ass. How does he know? This is but a defense of the govt.

203 - "Quite apparent that the FBI & the Com. Staff saw the picture in the unclipped version" re Altgens picture. But it "was printed in one of the volumes" in a clipped version - none other

270 - Mr. Wadsworth's memo - several times - about word stamps - what Oswald was "if Lubyak is right." 540 refers by referencing

365 - #224 of memo having front made wrong. Answers by saying nothing about how Jackie looked at JFK. Refers. Says he deals with on pp 38-9. Says Newman & Fitzmaurice says he put hands up to face. Says JFK was not "put away" about. Says JFK is not about anything Oswald - as though that means.

540 Said O "incompletely" wanted low stripes
to reach him in decision

625- Hall, Howard - FBI memo, testimony says
Thompson "double" efforts by saying public
action which was done by FBI of
D's N. I. associates.

Thompson says "we have to be fundamentally
useful about conditions we don't see
reports like that"
