WCFL- Pahn did work with Skolnick in advance of suit, did get persuaded, and did give it immate imporint of authenticity it otherwise would have lacked. Tompare total silence of the media when he sired identical charges on MRSV. The AP's story makes this clear, in what it says and in the at ention itself. That has been lacking. Example: AP was silent when I filed a syit a little earlier. I think the ECFL name and reputation made this difference.
