Mr. Irv Kupcinet  
Mr. Paul Frumpkin  
WBKB TV  
Chicago, Ill.

Gentlemen,

In arranging my appearance on the Harve Morgan show on KGBS last evening, when Paul Young heard I am to be in Chicago the 11th, he suggested I write you to see if you would be interested in having me. I am the author (and publisher) of WHITEWASH: THE REPORT ON THE WARREN REPORT (soon to be out in paperback by a major house).

This book, the first on the work of the Warren Commission, is the only one restricted to the Commission's own evidence, is still the only really definitive work and, while the most severe criticism of the Report, is the one that does not assault the personal integrity of the members of the Commission.

Very soon there will be WHITEWASH II, the first book from the hitherto secret files of the Commission. While other lamented the suppression of that part of the files that is still withheld, I dredged those that are accessible and have a book that says exactly who did the whitewashing of the investigation of the assassination and how it was done. My documentation is so thorough that I plan a book of just appendix, photographic reproduction of the documents I have. The second book has a sensational series of pictures some of which I've just had blown up for my coming New York and West Coast TV appearances.

I'm leaving for a seminar and lectures at the University of Wisconsin the morning of the 11th, with a stopover of an hour scheduled for Chicago. I return to Chicago to be on the Jerry Williams show (they've had me twice for two hours each by phone, for I have no publisher, no publications agency or funds, and can travel but little) that night, and the following morning I leave for the west coast. If you would be interested in using me on your show, I can do it en route Madison, for I do not have to be there until evening or on the morning or afternoon of the 13th, if nothing else is arranged for me between now and then.

If you have kept up with the newspaper and magazine writings, not a single error has been attributed to WHITEWASH, save two by Merriman Smith, the one man in the world to not know where he was the moment the President was killed. Smith has retracted in the Washington Post and has refused to debate me. He's being invited again by the Jerry Williams show.

Sincerely yours,

Harold Weisberg
