

Magnity - Niger

"more passed upon by the big the
brother of the President himself"

studied mysteriously - didn't know what
he would undertake - via the short piece
before he made his introduction -
he was "rehabilitated" by the evidence

"Objective, scientific proof"

The pictures were passed

mainly "back with the camera"

photograph - evidence of hands

"short films" "noted his shot"

gun had pictures from 1/20th

2 witnesses said they saw shots fired from

to the room - Evans

2 witnesses heard shells fall on floor before

Commission "had firing made" in Dallas!

Photographer, Thomas Dillard

Objective main text is proof that bullet
from Oswald's gun killed the President

There - "He was struck & he
killed" - instruction - false

"No evidence of conspiracy"

"authorized" Kennedy ~~statement~~

There he quote as having said "There
was no conspiracy" was talking about
international & government

up through in photo from "inspiration" - false
only with you

June "with in the same day of reference
time" - justified every thing

"arrived at 8:20 in the morning" + SBD

"last fall from the upper floor into the
basin of 2 floors. They confirmed the fact"
(opposite)

James - "Fraser, who recognized him to
be dm"

"He stresses who looked up & saw someone
in that window"

"The secret service people were found
& looking at the north floor window"
