

Bailey didn't tell me of new program when I heard name & would have.
But from Schenbrun intended what he knew

Commercial - G. W. et al; ^{Some issue Res. loc. J. Bird with gen. m. ill. Personnel meet}
Fabrics; Bandaid; Microw; plug; ^{to semi. tour. turned; plug; The Gap, Arriid, RIVIERA, Evans;}
Cohen "I also urge the station" to have a "majority report"

Cut out entire brief story of association that I was to give - as
Director of program, no viewer would know basic facts of it.

Bishop - "The most frightening to be discussed" - it was the first

Cut off in middle of explanation of missionary negative (unnatural)

Cut of Mr. Dougherty's testimony on "positivity"

Whenever I was interrupted, he was allowed to. Whenever I wanted
to speak when he was - but usually had for a long time - he &
Bishop both prevented me from doing it.

Cut me off in "news" a program & seems like not all when we come

Commercial what Fish again, He, aka ^{CHOCKS} (misheard name) checks vitamins
Churches Christ - Clever (Kindness) - Van/Kenon shirts - passport 360

Schlitz -

Cut me off on autopsy report & when we come back it was
~~late~~ when

Secret deleted off at WTTG (closed last night
& until 10 am only) Had me 11:15 AM 11/13 that
they had had numerous calls, at least on evening
program & hoping for a report but was preventing
it out interruptions "by someone, etc!"
