Dear George,

Here is the latest to reach me from Smith in the JFK field offices cases.

Jim tells me, if I remember correctly, that I become eligible for a contempt citation on the 13, a Friday.

Sorry I can't now make better copies. We await a major repair on our copier.

Jim will be filing something before the 13th. It will be a Motion to Reconsider everything related to discovery and expunging the FBI affidavit.

I've prepared another affidavit addressing some of the points with mostly new evidence, records disclosed to others, but again, the copies are so poor it would be better to get it from him. He'll be able to make them from the ribbon copy. What he files will include his revision of the long affidavit I sent you.

Best wishes,
