

10/6/72 Wecht/National Inquirer This is to let you know that Ed Williams is sending me a copy of their story with or by him, no thanks, but dont send it to me and, conversely, I will be able to supply a copy. From what Ed said, it is pretty bad, full of such stuff as Sobey was killed because he was investigating the JFK assassination (Chase of Consterwald and his Committee- same thing by Lud and Sprague at Univ. Iowa 10/2!) Apparently this changed Ed's views about what to expect in the future from Wecht. I guess it made him feel unhappy if he called me from Russia. Is
