Mr. Albert M. Teplin Union Forum Committee Wisconsin Memorial Union 770 Lengdon St., Medison, Wisc. 53706

Dear Mr. Teplin,

Lest uly I agreed to speak in several places in California after the school year started. At that time I was available almost any time and I so informed those who had written me.

They have now taken me up on it and have salected the week of December 5. When I wrote you I said either that week or the following one. You seeme! to favor the following one.

Accordingly, I'd appreciate it if you could select a day the week beginning the 12th, preferably not the end of the week, so I can stop off in Chicego is that seems desireable on the way back. Once you have selected your day I can work backward, for have agreed to spend some time in both the SenFensisco and Los Angeles areas, including several universities.

The letter I got today is not too specific, but I gather the possibilities in both places are flexible, hence I think, in fairness to you, because I had written you to pick any day of either wack, it might be best for me to start at the end and work back toward the beginning with my schedule.

Sincerely yours,

Harold Weisberg
