Dear Gary,

Many thanks for your nice note. I enjoyed my visit at Vermont, found those I met and spoke to anything but the predicted stodgy, unconcerned and a number of you quite stimulating.

If my reply and thanks are inadequate, please put it down not to bad manners but over-involvement. I'm most of the way through a book on what is current in NO, which I think you will soon see comes from my work alone, having temporarily laid aside Whitewash III which, in turn, I had laid aside to do an anti-Manchester book for which I have a contract. All are promised, and it is too much, though I'll do them all. This NO book will have, in fact will be, mostly appendix, what I'd planned to include in III on that part of the subject. The text is mostly drafted now.

Thank charming (and as you must have noticed) pretty Jean for her flattering note. I'd make one amendment. She is the anti-Feta cheese girl! Even so, she brightened dinner.

When you speak to Nick Mueller please ask him to send me the citation in whatever red tape Internal Revenue goes by that says an honorarium is tax exempt. I need this for 1968, not 1967, so I'd appreciate it if he can do it soon.

Sincerely,

Feb. 20, 1967

Dear Mrs. Weissberg,

This is just a short note to say how much I enjoyed your talk here at U.V.M. and also the special opportunity to have dinner with you. I'm still bragging about it. You left quite an impression on all who heard you and I want to wish you success in your endeavor.

Sincerely,

"The Delta Chorus Girl"

Dear Mr. Weisberg,

This is indeed a late time to be thanking you for the services which you rendered to the History Honorary Society such a long time ago. I can truthfully say, however, that my own personal enthusiasm for your cause has not waned.

I have heard quite a lot of discussion about the Warren Commission since you spoke here on the UVM campus. You yourself have certainly stirred a considerable amount of controversy.

The main point of this short letter is to thank you very sincerely for presenting to us some very interesting evidence about the Warren Commission. Moreover, the History Honorary Society was at a point where it needed a speaker who would attract a good share of campus interest. This is because we are a young organization which needs good advertisement, in order to increase interest in the organization. Your speech generated just the kind of interest that was needed.

As far as your bill is concerned please send it to us as soon as possible, and we (History Honorary) will be glad to pay it as soon as is possible.

Once again, thank you very much for all that you have done for us.

Included is a letter from one of your admirers!

Sincerely,

Gary Lawson
