Gentlemen:

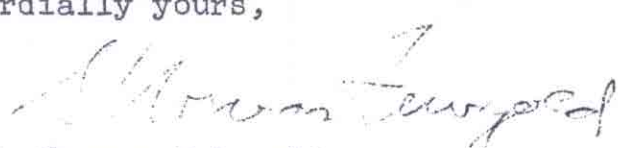

Our attention has been directed to the recent publication:

WHITEWASH

We will appreciate your sending us a review copy of this publication for examination and possible review in our COUNSELOR'S INFORMATION SERVICE, a quarterly annotated guide to current educational and occupational literature for guidance counselors, which is widely circulated in high schools, colleges and libraries. Please include the price of individual copies so we may properly list it in our publication.

Please place our name on your mailing list to receive notices of new publications dealing with educational and vocational guidance, as well as related subjects.

Cordially yours,
