Dear Hae,

Re: Mailer - pretty
usual admissions from a
great writer.

Usual ramble of
J.F.K. in "Email of The House
That Joe Built."

Dan Rather is a Mailer
without the genius. Forty
Eight Hours on The King
Assassination was parade.
He knocks down strawmen,
Pepper's wild theories
and a Beverly Oliver
type. So what!

In 1975 he claimed
the case should be
reopened in an How
documentary.

Have n't read Permal's
book but he learn't
convincing on "Today".

Some real bad childhood
stories. Ray is "good
white trash."

But of How many

Could this be said?

Pepper said "I.B.I., Memphis
Cops, Army, F.B.I. were all
involved."

Have ^{any} couldn't any of them
done it by themselves?

Rather didn't ~~say~~
rather with various
issues.

With "Parmer, it's
always "Case closed!"

Sincerely,

Ed Williams
