Dear Hal,

As Dr King said,  
"Longevity has its  
virtues."

Nice to know that  
Jacob Cohen, "the lone  
assassin buff", is still  
around and "closing  
cases"! I think you wrote  
about Cohen.

Rumor has it that  
Pomeroy is writing a book  
on the King Case. Another case  
closed.

Next he'll tell us  
Casper and Linsden  
were killed by "lone  
nuts."

Best Wishes To You  
and Lillian in '98.

Tell Lillian the Mayflower  
classmates must stick together.  
My ancestor Captain Edmead

Williams carried slaves  
on his ship.

But the greatest of  
French poets, Rimbaud,  
was a slave dealer!

I have always  
wondered about the  
Wallace shooting. For Nixon  
to ruin Wallace Real to  
be out of jail. And Nixon  
wanting Hunt to plant  
bug in stuff in  
Bremer's apartment, --- " "

Oliver Stone implied in Nixon,  
that Nixon Real quietly  
knows. Of 11/22/63.

Of Oliver Stone  
were involved, a not  
impossible theory but  
he may have only Real  
rumors.

Nixon wrote a letter  
to a judge to keep Kofsky  
Senior and was tight  
with the most extreme  
right wing Cubans.

He also stumbled in  
a news conference and de-  
faming himself and said  
in effect, a whistle on LHO  
might have picked up "The  
Assassination Plan" Proves nothing  
but suggestive.
