Dear Hae,

Just watched  
The final installment  
of "The Men Who Killed  
Kennedy." A + E - on internet.

Tannenbaum denounces  
H.S.C.A.

Tom Wilson says his  
study shows "Manhole  
gunmen" killed R.F.K.  
Jack Brazil shows in  
Manhole.

Bill Turner says R.F.K.  
was "Project Freedom",  
2<sup>d</sup> invasion of Cuba.

Turner <sup>Rogue</sup> CIA/Mafia/  
Cuban oxiles killed.

R.F.K.

Bobby told "Harry" Williams,  
a Cuban exile, "one of  
your guys did it." True.

Charles Fitzger did  
not commit suicide, was  
murdered.

R.F.K. skeletal autopsy  
could - left\* to protect his  
role in Project Freedom."

As Himmels noted,  
"conspiracy theories, like  
old resolutions, never  
really fade away: someone  
is forever coming along  
to give them a fresh  
coat of paint."

Some human went  
from Penn Jones to  
Garrison to have anal  
freed in book of Executive  
Action. But I think  
Lillian Castellano was  
"first." A dubious Roman.

\* You refute this in  
"Post-Mortem."

Sincerely, @  
To younger generation on  
internet this of course  
is "new!"
