Dear Hal,

RE: The envelopes.
Harsh saw what he
wanted to achieve. I mean -
got Fred. J. F. K. pays off
Monroe by drawing up
a contract!

Ever told Barbara
Walters J. F. K. needed Sam
Giamanna's help to arrange
an abortion. I knew
young men at that time
who arranged abortions
for their girlfriends by
paying them to Sam Juan.
They didn't need Sam, Hal!

Both West and Mayer
were ambiguous about
"The Alien autopsy."
How could West have
given a blow to "Mary,"

Foxie and The Monkey Virus".
I sent you the last
chapter. Foxie was involved
in an even worse conspiracy
than 11/22/63. Critical analysis
and statements also at
Jack Bottom.

But the truth is,
as you have demonstrated,
worse than website
and internet chat group
theories.

L.B.F., Russell, Boggs,
and John Spelman
Cooper all disbelieved
The Single Bullet theory.
So did Connally. Now
that is sinister!

"Never Again" and
your interviews on The
video "Reasonable Doubt"
also make blistering
than "The X-Files" because
they are true.

Sincerely,
EO
