

4/1/2001

Dear Hae,

I thought these articles
might be of interest.

The latest "opium" of
the intellectuals" to use
Aron's phrase is to
adopt an "agnostic" position
on the case as per Hood,
Summers and Thompson.

I read in Rolling Stone
that A.J. Waldman is facing
ten years for drug dealing!

Hope all is well.

Sincerely,

Ed Williams
