Dear Harold,

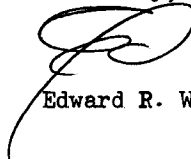

Enclose a copy of Skolnick Suit.

The evidentiary material appears captious at best and the authenticity of the "City of Dallas Document" is very questionable.

The deletion of the L. B. J. interview was front page News in many papers.

The New York Times carried the story on Page 83.

Sincerely,

Edward R. Williams

Dear Edward,

Hurried thanks for the extra copy of the Skolnick suit. The complaint itself seems identical with what he filed. The appendix is contracted a bit. He probably had many requests and did this to save copying costs.

I have filed a complaint against him by mail, in the same court. The usual papers have not yet been returned. I am not anxious yet to get publicity, for one of my chief concerns is to properly defuze the bomb this monster has planted on us. I am sure you realize this is a spurious suit that can serve only government purposes in getting thrown out of court, with resultant nasty headlines that will be applied to all of us.

If he sent you a civering letter, I'd appreciate a copy of that.

Really pressed. Many thanks. I now have a copy to lend around.

Sincerely,

Ed
