Dear Harold:

Bishop on Frost Show  
televised 9/23. Stated Ray an  
inept, comic clown who could  
never have done it by him-  
self. Believes platter made  
in Birmingham because (?) Ray  
purchased and exchanged tires  
there. Accepts Raoul, never  
explicitly states on Frost  
that Ray fixed what.

The approach is make  
honest than true is it  
ingenious.

The international aspects  
of the case alone preclude  
a simple "Nazi" plot. True  
know this and Bishop avoids  
it.

Take your choice.

Best Wishes,
