Dear Harold,  
Please note new  
address.

I read The Enquirer  
article and the enclosed  
with casual distaste.  
Typical. Dick Gregory  
negates to name and F.G.  
as the "true patriots"  
in his new book and  
alleges CIA killed J.F.K.,  
M.L.K., R.F.K., and Malcolm  
X.

The magic theory  
is given oblique refer-  
ence in Special Unit  
Senator on pages  
158-160. You have it.  
Was a magic/oil  
figure really apple-

Removal in a Building  
opposite The T.S.D.B. ?  
Is there anything to  
it ?

Honesty is the worst  
market approach. If  
X, Y, or Z had your data  
they could cook up  
a hot property. Publishers  
like to say, "Dull, sure  
but it's a hell of a  
story, baby! Don't  
let facts ruin it!"

Cybil was reacting  
on N.H. and magnificent  
re: medical data. His  
implication of a CIA-  
Right Wing - Military -  
Business "plot" behind  
all the assassinations  
was unwise.

Shades of Farewell  
America!

I'll call again.  
Try to get plenty of  
rest.

Sincerely,
