Dear Mr. Dolger:

Last week I sent you a number of pages from WHITEWASH II on which errata had been noted. Unadvertently, I omitted one on page 181, although I sent you the page.

About midway of the page, on line 27, it reads,

or at 12 or 24 frames per second. Enquiry indicates, etc.
It should read,

slow, or at 24 frames per second.

This is in the fourth full paragraph on that page in a discussion of the camera.

Thank you for picking up the correction.

Sincerely,

Lillian Weisberg
