

11/28/68 Penabaz Harold Weisberg

I have someone monitoring Penabaz, who appears on Alan Courtney's Miami radio talk show, as Courtney contributes to Penabaz' publication.

Within the past week he was on for three hours. My friend goofed, pushed the wrong buttons on his stereo machine, and may not have this part on tape.

When he discovered this, he wrote me a memo. One part in particular may interest you.

These are his words, not those of Penabaz:

"Someone called up and asked if it is true that H.I. Hunt gave him \$15,000. He laughed and denied it, and said that Hunt had given to him. He did admit that Hunt financed his trip to Arkansas which is the subject matter of the 11 hr of the tape and relates to an investigation by Penabaz of the tactics and ~~xxx~~ book (Arrogance of Power) in Arkansas of William Fulbright."

Penabaz' conclusion is that F is a Communist. If this is on the tape and you want it, I can dub a copy for you. If I do not hear, I'll assume you have no interest. Mind was in other matters.
