

7/13/68

Dear George,

Just returned from two-week investigation in N.O and am more than ever behind. Before leaving I wrote a short (35,000-word) book, COEP D'ETAT: I ACCUSE T THE CIA. The stuff in your newsletter on "took many guns between Bobby and the White House" is mine. I got it from the guy 4/8/68 in N.O. and more from him 8/10. There is too much thievery on our side, but now we can do nothing. However, I have heard from some officials out there. They want me to comeout. There are some who seem to have a genuine interest in solving the RFK murder. I must first get to N.U. for them. The continuing problem is money, which I haven't.

Others also would like me to get out there. Art Kevin of KHJ radio for pne (Hollywood). Can you get in touch with him? Perhaps between your group and him enough can be lined up to pay my expenses.

Prescott Nichols may be interested in knowing that from the first I called "Galt" by the name "Oswald" when I spoke of him on radio and TV, that I called the Mustang "Oswald's getaway car", and things like that. I quite agree with him.

I like the name of your group, whose initials are backward to what I do not like. Good luck! There is little likelihood I'll have time to write, but you can certainly use anything I have written.

Your father had kept me generally posted on you both. Glad to hear you like it there.

We have moved a little further from Washington and get there less often. I expect to see him within a few daysso however.

I now have no plans for going out your way, only the desire and need. I'll do it whenever it is possible, which means whenever it is financially possible. We ~~XXXXXX~~ are now \$35,000 in debt and I cannot go deeper.

Best to you both, thanks for your efforts, and the best of good luck.

Sincerely,

A. George Abbott, M.D.

Mr. Harold Weisberg

Dear Harold,

We have formed the Assassination Inquiry Committee (AIC) to publicize the truth regarding the executions of John Kennedy (plus Robert Kennedy and Martin Luther King, as well). We are forced to do this, as you well know, due to the total failure of our local and national popular news media to furnish an unbiased (or indeed any) accounting of developments in the case, especially involving recent federal intervention in New Orleans criminal court proceedings. The paper is published twice monthly, distributed free of charge, and current circulation is about five hundred, including a nation-wide mailing. We expect to grow rapidly.

We would be honored to include your articles and incorporate your suggestions, and we will continue to rely heavily on your books for our own education in the matter. Also we plan to sponsor frequent lectures and invite your participation next time you visit the west coast. Let me know when you will next be here, and I will try to arrange an honorarium for you. We will also help cover travel expenses.

On a more personal note, Malvina and I are very happy here. She is teaching home economics in junior high school still, and I am entering my second year in surgical residency at the University of California at San Diego. We look forward very much to seeing you soon and want you to stay with us for a while, if your schedule permits, next time you visit southern California.

Warmest regards,

George
