

Dear Jerry,

8/5/96

The only person who has addressed me as you do on your card is Jerry "ay.

I have no idea how y u think you can use that second-hand shrinkery, which I have and do not have access to, but I suggest you write or phone Ms. Ramona Branch at the new archives building, 8601 Adelphi Road, College Park, MD 20740-6001, 301/713-~~669~~ 6620 Ext. 363. I'm told she is very helpful.

You can get it all free by invoking the provision of the 1992 Act that gives each of us the first 100 <sup>pages</sup> copies free. After that 25¢ per page. You can get that transcript. It is filed with the Commission executive sessions. Or was when I got it decades ago,

If you want to be save<sup>d</sup> from some new foolishness tell me what your interest is. That is unprofessional at best and as you may not be willing to consider, also irrelevant.

Besides which those Commission laywrs fed the shrinks crap, like Oswald was rod when ~~he~~ was anti-Communist and anti-USSR—even inside the ISSR.

Best to you all,

August 2, 1996. Harold, I am getting nowhere fast trying to learn the names and affiliations of the three criminal psychiatrists who were interviewed by Warreners in mid-July, 1964. Any idea who they are, etc.? Or where something has been published about them?

Thanks.
