Dear Professor Raikin:

Re: Your TAS report of June 13, 1962 concerning  
your interview of Lee Harvey Oswald

Contained in your report is the sentence, " Mr. Oswald  
has been a member of the Marine Corps and while on duty  
with the United States Embassy in Moscow.....".  
When interviewed by the Federal Bureau of Investigation,  
Mrs. Jean Jeter of TAS stated that you were the source  
of this data.

I <sup>now</sup> having been having some difficulty in locating  
the source for the background information contained in  
the before mentioned sentence. Was that information  
given to you by Oswald or was it obtained elsewhere?  
Your kind assistance will be most appreciated.

rsvp

Sincerely yours,
