DETAILS		
<u>SYNOPSIS</u>		
<p>Oswald alleged to have learned while in Mexico City in the latter part of September, 1963, that there was a plot to assassinate Premier Castro of Cuba, and that President Kennedy had been advised of same.</p>		
<u>DETAILS OF INVESTIGATION</u>		
<p>This inquiry originated in Houston on December 12, 1963 when <u>Alwyn Faida ^(X) Hudkins III</u>, a reporter for the Houston Post, advised the writer confidentially that he had received information from <u>Felton West</u>, the Houston Post Washington Bureau representative, to the effect that citizens of the United States had entered into an agreement or a plot to assassinate Premier Castro of Cuba and that Lee Harvey Oswald, who went to Mexico City on September 26 and allegedly returned about October 1-3, learned of this plot, which infuriated him.</p>		
<p>He stated that Oswald attempted to obtain a visa to Russia from the Russian Embassy and when he failed, contacted the Cuban Embassy and attempted to arrange for a visa to Cuba. He stated that the Cuban Embassy was agreeable to giving him a visa but could not furnish one immediately which annoyed Oswald, causing him to return to the States. <p>Mr. Hudkins inferred that this was a possible reason for Oswald assassinating the President.</p>		
<p>Mr. Hudkins states he has received information that Oswald returned to Houston, according to an informant of his who will point out the house where Oswald visited, etc.</p>

He is evasive as to the undeveloped leads in Houston, but states that Felton West, Post Washington Bureau, has more specific information as to the plot to assassinate Castro and the fact that President Kennedy and Vice President Johnson were informed of same, by a former Cuban premier.

He stated it was agreeable for this Service to interview Felton West in Washington and use his name as a source of information.

Mr. Hudkins is friendly to this Service and expressed a desire to assist this Service but requested that no information be disclosed to other agencies at this time.

Assassination of President Kennedy

Reference made to memorandum report by this office dated 12/11/63, reporting interview with Alonzo H. Hudkins, III, a reporter for The Houston Post, a daily newspaper in Houston.

During the above interview Mr. Hudkins, who is personally known to the writer from Denver, Colorado, advised confidentially that George Butler, Head of the Juvenile Division of the Dallas Police Department, is considered a "Rightest" very close to General Walker. He advised that soon after the death of President Kennedy he heard George Butler state, "I am glad the son-of-a-bitch is dead, but I wish it had not happened in Dallas," and other similar statements.

It is Mr. Hudkins' feeling that this type of statement and sentiment from responsible people is partly responsible for the unreasonable acts by part of the Dallas citizens.

Mr. Hudkins states that he considers George Butler a personal friend and that if he is advised of the above statement, will immediately identify Mr. Hudkins as the informant. He, therefore, requests that his identity not be disclosed in any way to Butler.

Handwritten note:

MEMORANDUM FOR FILE

Case No. CO-2-34030 Assassination of President Kennedy

Reference is made to the memorandum of SAIC Bertram of Houston, dated December 14, 1963.

I located Felton West, a Houston-Post, Washington Bureau Representative and interviewed him in the office of SAIC Beha. Mr. West has been on the Washington scene for approximately two years and spends a great deal of his time at the White House and at the Senate Press Gallery. He said categorically that he had no information concerning a plot to assassinate Castro. He was of the opinion that no one at the Houston-Post has any such information. He was informed that we were asking these questions at the suggestion of Alonso Hudkins, whom he said he knew and that Hudkins had been working for the Houston-Post approximately 30 days and that Hudkins had worked for the Houston-Post at Dallas before and during the murder of Oswald by Ruby.

He stated that he was former City Editor of the Houston-Post and was in Dallas the day of the assassination. He said he had no information concerning the subject matter of Bertram's memorandum.

He was asked whether he had an employee in the Houston-Post, Washington Bureau by the name of O'Leary. He said that Mr. O'Leary had been formerly Science Editor of the Houston-Post but Mr. O'Leary, representing the Houston-Post, had died in New Zealand while accompanying an Antarctic expedition, and that Mr. O'Leary was buried in Dallas some few days before the assassination of President Kennedy.

The results of the interview with West were phoned to SAIC Bertram; will follow-up on the information and further evaluate Mr. Hudkins' reliability as a source of information.
