

CIA Batch Dt. Pt. 4, 1036-961-1193-319

Begins with some internal communications on WC documents and apparent determination not to release.

Corres with and memos about Bud and "och

1079-405C is a copy of Joesten's mimeo The Case Against Lyndon B. Johnson.

The "List of Basic Source Materials," that is the list of CDs, according to the CIA was damaging to it and should not have been made available. An examination of this claim in court might be helpful. It is contived nonsense.

1127-987 is dispatch to certain chiefs of stations and bases with Epstein's 7/13/68 New Yorker attack on Harrison attached. Stated for use with contacts and assets, inc. government officials.

1136-425B was not released until review of 9/76, then not sent me until 4/77. It is the executive order establishing the Warren Commission, published in the Federal Register and in the Commission's report.

1137-425C is partly illegible carbon of 4/16 or 18/64 DDP to Director recommending "action" re books, esp. Buchanan's.

1155-432F Beginning here these records were separated with a binder clip. At the beginning they all seem to relate to releases of records. And non-release.

1183-435 identifies Mexican police as one of sources of photos available in Mexico City.

1184-435A Story in Baltimore, EXTRA 11/18/73 interview with Robert J. Fitzpatrick re his mobile meeting with Oswald, Eugene Murret.

1188-1000 two memos, second by Colby, on conference with Dan Rather and Les Midgley on coming CBS specials. First may be of 9/6/75. Colby's is dated 6th and says conference on 3rd. First is account of search for indications of Oswald-federal connection, Colby's nicely self-serving with suggestion LHO might have been FBI contact.
